

HARLAN TOWNSHIP Information for Bids

TOWNSHIP PROVIDES WORK ON 50'

Bidder will supply all labor, materials and equipment to pour a concrete pad that is 100' x 62.5 'x 8". All excavation, grading, compaction and base gravel to be completed by the Township. Bidder will fine tune the grade.

Bidder will set forms, install and tie steel #4 rebar on 3" shoes. Bidder will install 6" expansion as necessary. Bidder will dowel new concrete to existing slab.

Concrete is to be class C, 4-5 slump with air.

Finish is to match existing with cure/seal spray.
